

**Cellular  
Agriculture  
Europe**

# **Cellular Agriculture Europe Regulatory Affairs**

---

Update from Sub -committee on classification, labelling and  
hygiene

Tuesday 26<sup>th</sup> March 2024, 3.00 – 5.00 pm CET

## **Main objectives**

- Get consensus amongst Cellular Agriculture Europe members on the name and nomenclature of “cell-cultured” products in the EU.
  - How do we call our products as an industry? How do we want to label our products?
- Investigate the applicability of EU hygiene law to cellular agriculture products.
  - “Meat” vs. “animal derived” and implications for classification, inspection and import

## **Completed tasks**

- Members’ survey (Q1 2022)
  - Translations of various terms (*i.e.* “cultivated”, “cultured” *etc.*) into 17 languages
-

**Cellular  
Agriculture  
Europe**

**Sub-committee on classification, hygiene and labeling**

## **Ongoing tasks**

- Feedback to ProVeg on C-Label
- Feedback to GFI re. consumer differentiation/understandability of cellular agriculture terms

## **Next step**

- Prioritize tasks the sub-committee should work on (next slide)
  - Clean-up Slack channel
-
